Graham Center Ballroom

Saturday, February 09, 2019

History

On December 2016, Florida International University (FIU), one of the top research institutions in the United States, and DigitalEra Group, a world-class cybersecurity technology provider in South Florida, partnered together to host the Inaugural Cybersecurity Conference, SECURE MIAMI, to educate individuals about the latest security threats and strategies.

SECURE MIAMI has rapidly become the don't miss security event of the year – drawing over 200 non-sponsor IT security executives and professionals in its second edition on February 2018.

Why sponsor Secure Miami?

With over 300 cybersecurity professionals expected from Latin America, the Caribbean and the U.S. for its third edition in 2019, SECURE MIAMI's goal is to deliver thought-provoking discussions and interactive presentations in a high-quality networking forum, uniting industry leaders with present day workforce to discuss today's most provocative security topics.

Held at Florida International University's beautiful campus in the heart of Miami, SECURE MIAMI provides sponsors and exhibitors a unique opportunity to reach a target audience of information technology students, professionals and executives.

What to expect?

SECURE MIAMI sponsorship packages include various combinations of the following events:

Friday, February 8th

- C-Suite round table with executives comprised from educational, health, corporate and service sectors providing insight, perspective and knowledge in a very intimate and interactive setting with some of today's top cybersecurity companies.
- Workshop for our Latin America and Caribbean attendees with various cybersecurity companies who will demonstrate products and innovations in an interactive setting.
- Fun and unique networking event at Top Golf in Doral, FL

Saturday, February 9th

- SECURE MIAMI signature event.
- BREW MIAMI, South Florida's hottest unique local craft beer, wine and food festival.

Sunday, February 10th

- TBD
